

2012 Summer Workshop, College of the Holy Cross
Foundational Mathematics Concepts for the High School to College Transition

Day 2 – July 10, 2012

The Group Activity: Four questions about functions

- **Question 1:** How do you think about functions?

- **Question 2:** How do your students think about functions?

- **Question 3:** How would you like your students to think about functions?

- **Question 4:** How do we move them from 3 to 4?
