Math 110 Environmental Mathematics

Name: ______________________________________________________________________________

I should address you as (include pronunciation assistance): ________________________________

A Secret Code Name (I will use this for posting solutions): ___________________________

Permanent Mailing Address: ____________________________________________________________

Major/Minor/Concentration: ______________________________________________________

What are the chances that you’ll seriously consider a concentration in Environmental Studies? _________________

I will communicate to you via email. If you would also like a phone call, provide your number: ________________

If you have access to a car on campus, are willing to use it to transport yourself and students to off-campus events?

No car                  No                Yes, and I can bring _____ people (include yourself)

What is your mathematical background? Have you ever taken Calculus (if so, how long ago)?

What is your environmental studies background? Give the titles of any courses you've taken.

Circle your comfort level with the following types of technology:

<table>
<thead>
<tr>
<th></th>
<th>Do you own it?</th>
<th>No experience</th>
<th>Some</th>
<th>Lots experience</th>
</tr>
</thead>
<tbody>
<tr>
<td>PC Computers</td>
<td>yes</td>
<td>no</td>
<td>0</td>
<td>1</td>
</tr>
<tr>
<td>Excel</td>
<td>yes</td>
<td>no</td>
<td>0</td>
<td>1</td>
</tr>
</tbody>
</table>

What are some of your special interests and talents? Tell me something about yourself.
