### Saturday Activity x% of classrooms in use 8am-12pm

1. Average number of hours per week between 7am and 5pm that rooms are utilized for regularly scheduled instructional activity (maximum 50 hours).
2. Average number of hours per week that rooms are utilized for non-scheduled instructional support activity. Each of the Universities has purchased software that will enable us to report this information for Fall 1998.
3. \( \text{Total Enrollment/Total Room Student Stations} \)
4. Groups A & B include class labs with lower requirements for student station size. Group C class labs have a greater space requirement per student to accommodate specialized equipment.
5. First daytime class begins at 7 AM; first evening class begins at 5 PM.
6. There are no Guidelines for 5-10 PM.
